

NUSYM 2017

7th international symposium on nuclear symmetry energy
SEPTEMBER 4TH - 7TH / GANIL, CAEN, FRANCE

Third announcement

Dear Colleagues,

The 7th **International Symposium on Nuclear Symmetry Energy (NuSYM17)** will start on September 4th, 2017 at the GANIL Guest House, Caen, France.

Program:

We have a full exciting scientific program.

Please have a look at the preliminary version on the conference webpage: [scientific program](#)

Registration

All registration will be made on Sunday September 3rd at the GANIL Guest House.

Payment can be made on the following link (**no later than August 31st 2017**):

<http://pro.ganil-spiral2.eu/events/creditcard-direct-payment>

For participants who cannot pay by bank transfer, a payment by credit card or cash can be made at GANIL.

Social events

A Welcome cocktail is proposed on Monday September 4th after the sessions.

An excursion and guided visit of D-day landing beaches and Norman cider house are scheduled on Wednesday 6th September 2017 afternoon (2.00pm – 7h30 pm).

You will first go to La Ferme de la Sapinière :

This farm is typical of the Bessin area of Calvados, with its architecture, dairy cows and cider apple orchards. You will discover the ins and outs of cider making and learn all about the history of apples. You will see how tradition and craftsmanship come together in the savoir-faire of the farm's landlords. The visit winds up with the pleasurable tasting of apple juices, ciders, Pommeau de Normandie and Calvados.

After this, you will drive towards Omaha Beach, where the Americans lost so many, and the American cemetery in Colleville : a site of over 170 acres housing 9387 tombs and a wall of the missing.

From there we will reach Arromanches :

Cliff-top at Arromanches you will admire the remains of the British Royal Engineers brilliantly conceived Mulberry Port.

Excursion fare : 20€ / pers. Payment is to be done at the registration desk (GANIL Guest House).

If you are interested in taking part in this fantastic excursion, please send a mail **before September 1st 2017** on the NuSYM mail address : nusym17@ganil.fr

Then, after this pleasant and intense afternoon, a **Social Dinner** will be organized downtown.

NUSYM 2017

7th international symposium on nuclear symmetry energy
SEPTEMBER 4TH - 7TH / GANIL, CAEN, FRANCE

Contact

We would appreciate if you could bring this Symposium to attention of your colleagues. Participation of young researchers is strongly encouraged.

You can contact us at the following address: NUSYM17@GANIL.fr

Please do not hesitate to contact us if you need an invitation letter for visa application.

The Organizing Committee

INTERNATIONAL SCIENTIFIC COMMITTEE

Maria Colonna (INFN, LNS, Catania, ITALY)
Byungsik Hong (Korea University, S. KOREA)
Yvonne Leifels (GSI, GERMANY)
Jerzy Lukasik (IFJ-PAN, POLAND)
Angelo Pagano (INFN Catania, ITALY)
Betty Tsang (MSU/NSCL, USA)
Hermann Wolter (Univ. Munich, GERMANY)
Sherry Yennello (Texas A&M, USA)

Pawel Danielewicz (MSU, USA)
Charles Horowitz (Indiana Univ., USA)
Bao-An Li (TAMU-Commerce, USA)
Akira Ono (Tohoku University, JAPAN)
Wolfgang Trautmann (GSI, GERMANY)
Giuseppe Verde (IPN-Orsay, INFN Catania, ITALY)
Zhiqiang Xiao (Tsinghua Univ., Beijing, CHINA)

LOCAL ORGANIZING COMMITTEE

Abdelouahad Chbihi (GANIL)
Rémi Bougault (LPC-Caen)
John D. Frankland (GANIL)
Myriam Grar (GANIL) *Administrative secretary.*
Sabrina Lecerf-Rossard (GANIL) *Administrative secretary.*
